

Tools for Church Missions: Finding What's Missing

Four Interacting Factors of a Healthy Church or Ministry

Assessment: Evaluate your church or ministry by these four factors. On a scale of 1 to 4 (1 the lowest and 4 the highest) rank the strength of each factor in your ministry.

Spirituality:

Our ministry is driven by prayer, trust in God and His word, spiritual discipline in setting priorities and a persistence in seeing God's kingdom (rule and reign) established on earth as it is in heaven.

Relationships:

Love and trust glues our fellowship together. Our relationships empower each member to use their gifts to fulfill the mission of God in ministry. We have a high level of involvement.

Vision / Mission:

Our ministry understands clearly God's mission for His church and we have a clear vision of what God has called us to do in our context to see all nations blessed through Christ.

Organization:

The organization and implementation of our mission equips each member to work together. Leaders assume responsibility and empower others. Communication is clear.
